PROFESSIONALS**

## SOFTWARE QUALITY MANAGEMENT

Today's IT organizations are under immense pressure to reduce costs while also improving the performance of their critical software applications. Even with these pressures, organizations often fail to realize the full potential of their IT investments due to a lack of in-house software quality management (SQM) and testing expertise. Many simply do not realize how significantly these programs can impact the overall success of the enterprise.

Visionary Integration Professionals (VIP) is trusted by businesses and government agencies to deliver the skills and experience needed to effectively monitor and improve software quality. We can identify quality and performance impediments before they negatively impact business processes or end users. Overall, VIP's Software Quality & Testing services and solutions help minimize downtime, increase availability, and control IT costs while helping you get the maximum return on your IT investments.

**Clients trust VIP to tailor cost-effective solutions to advise, lead, manage, carry out, and support all aspects of SQM and testing.**

### **FUNCTIONAL & AUTOMATED TESTING**

VIP offers a broad range and flexible choices for your automation testing needs. We apply the best tools, proven methods, and experienced professionals for functional and automated testing needs, including custom and ERP/CRM applications. VIP can manage the entire testing process, or just discrete testing services.

### **MICRO FOCUS SOFTWARE SUPPORT**

As a Micro Focus Software Gold Applications Specialist Partner, VIP provides Software sales, tier-1 software support, and training. We support the Application Delivery Management (ADM) portfolio with a range of customized and packaged solutions delivered by our highly-skilled team of certified professionals.

### **STRATEGIC PLANNING & BEST PRACTICES**

Knowing what to test is as important as knowing how to test it. Clients trust VIP to deliver the right experience, assessment methodology, and planning to make the most of their testing budgets and resources.

### **MOBILE & PERFORMANCE TESTING**

VIP has industry leading offerings that will enable you to test the function and performance of your mobile solutions. Whether your users use smart phones, tablets, or phablets, VIP can help you ensure the quality and performance of your native, hybrid, and mobile web applications.

### **PERFORMANCE TESTING & MONITORING**

VIP delivers custom testing services to help customers ensure their applications and environment are performing optimally to support business goals. We deliver reliable, customized load and performance test planning, execution, and results, along with specific recommendations for improving your application performance.
